PRESSTEXT

Pulsating drum beats and funky guitar riffs merge into an energetic sound that brings funk, soul, and pop to new brilliance. LUNA SOUL revives the spirit of the 70s and 80s, blending nostalgic flair with modern, catchy melodies and driving rhythms.

LUNA SOUL's music shimmers between warm retro-pop and contemporary sounds, instantly transporting the audience onto the vibrant dance floors of the disco era.

Soft, introspective vocals float over velvety synthesizer sounds, while the unmistakable funk guitar style à la Nile Rodgers forms the core of the songs. A rich bass and dynamic drums provide the rhythmic foundation that makes the groove irresistible.

LUNA SOUL's sonic landscape is vibrant and confident—like a ride on a neon-lit roller rink through a warm summer night. A musical journey full of energy, retro vibes, and modern sophistication.

To celebrate the release of their album *First Move* (Release: April 11, 2025), LUNA SOUL will embark on a European tour in 2025. The new album, created by band founders Lisa Michele (vocals) and Jordi Arnau Rubio (guitar), takes listeners on an emotional journey, characterized by shimmering synthesizers, captivating grooves, and heartfelt storytelling.

From start to finish, LUNA SOUL captures a signature blend of nostalgia and modernity, offering fans a timeless yet refreshingly new sound experience. Fans can expect high-energy live performances filled with infectious rhythms, soulful melodies, and an unmistakable stage presence.
